

Modern Cloud-Based Physical Security for Smarter Offices

Overview

Leading global enterprises trust Verkada's cloud-based platform to protect employees and assets while maintaining a secure, welcoming workplace. AI-powered analytics accelerate investigations, deter potential threats, and provide real-time insights that enhance security without disrupting operations.

Trusted by top organisations

Proactively protect employees and assets

Investigate faster with AI

Quickly respond to security incidents and resolve costly liability claims. Simply type a description or upload a photo to retrieve relevant footage.

Instant POI alerts

Instantly notify security teams or police when persons of interest or their vehicles approach office entrances or car parks.

Discreet panic buttons

Protect receptionists with mounted panic buttons. Notify internal security teams or trigger a call to the police – all from the press of a button.

Manage access remotely

Remotely manage office access from smartphones, tablets, or browsers via intercoms. Verify visitors with built-in cameras and two-way audio.

Safeguard restricted areas

Limit access to sensitive areas with Verkada Access Control. Get instant door-based SMS alerts for tailgating, anti-passback, and forced entry.

Executive protection

Protect executives and VPs with centralised monitoring of residences and corporate offices – accessible via smartphone, browser, or GSOC.

Simplify visitor management and operations

Enhance visitor security

Maintain a digital visitor log with Verkada Guest. Sync timestamped visitor entry logs with nearby camera feeds to aid potential investigations.

Keyless entry for guests

Quickly print color-coded visitor badges or issue time-limited digital credentials. Visitors can unlock doors using only their smartphones.

Reduce check-in lines

Easily add returning visitors to approved guest lists for faster check-in via QR code or facial recognition at the lobby.

Auto-provision access

Automatically issue physical badges or mobile keycards to new hires, or instantly revoke them via pre-built integrations with identity management systems.

Combat time fraud

Seamlessly track daily staff attendance and individual badge-ins with Verkada Access Control for real-time visibility of who's onsite.

Streamline office deliveries

Scan packages and notify residents via instant SMS alerts with Verkada Mailroom. Investigate lost packages using integrated video playback.

Monitor sites for smarter, safer office spaces

Slip and fall detection

Monitor liability accidents with proactive, camera-based slip and fall alerts. View linked footage for a clear record of the incident.

Smart alarm schedules

Cut down on false alarm triggers with Verkada Alarms. Smart schedules automatically arm offices after 30 minutes of inactivity.

Maximise after-hours security

Verkada Alarms extends security with 24/7 live agent monitoring. Plus, cameras instantly notify teams of prolonged loitering or trespassing through SMS alerts.

Why Verkada?

No NVRs or DVRs
– up to 365 days of onboard storage

Unlimited user seats
and cloud archiving

Up to 10-year warranty
and predictable renewal costs

24/7 technical support
via email, phone or live chat

Cybersecurity protection
SSO, 2FA, and Enterprise Controlled Encryption

Automatic updates
to unlock new features and maintain security

Video Security

AI-enabled cameras offer 24/7 recording, up to 365 days of onboard storage, and industry-leading image quality – no DVRs or NVRs needed.

Access Control

Centrally manage access schedules for hundreds of doors. Cloud-based cameras natively integrate with door events for enhanced visibility.

Alarms

Verkada Alarms acts as a virtual extension of security patrols with 24/7 live agent monitoring and video verification to aid police response.

Intercom

Enhance front desk security with cloud-based intercoms. Answer calls remotely or onsite with sharp video and two-way audio.

Guest

Improve the visitor experience with automatic host notifications when guests arrive and customise check-in workflows for unique visitor types.

Air Quality Sensors

Maintain comfortable workspaces and protect critical IT closets with custom alerts for temperature, humidity and other air quality indicators.

Mailroom

Optimise delivery management by tracking package drop-offs with a simple mobile scan and notifying recipients upon delivery.

Connectivity

Easily deploy Verkada devices with cellular or Wi-Fi gateways in hard-to-wire locations like car parks or public squares.

Viewing Station

Stream up to 300 live camera feeds into one centralised location and gain instant visibility across all corporate properties.
