

A Smarter Way to Secure Your Space

Verkada is a fully integrated hardware and software solution that strengthens safety and simplifies security ownership. Today, our suite of connected devices provide enterprise organizations with meaningful insights into the health and safety of their environments. In the future, we'll deepen our use of machine learning to continue building technology that protects people, places and privacy at scale.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to reliably deliver insights in real-time.

Access Control

Manage doors, credentials and users across sites at ease with global access and active directory integrations.

Sensors

With a collection of eight onboard sensor readings, monitor for the health and safety of all environments.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Verkada Guest

Personalize the check-in experience for all types of visitors while integrating with cameras and access control.

Strengthen Security, Simplify Management

Verkada Command

Add ten, hundreds or thousands of devices to Command, Verkada's cloud-based management platform. By aggregating data across devices into a centralized dashboard, Command provides users with a complete picture of what's going on across sites so teams can respond to incidents quickly and effectively.

Users can securely access Command from any browser or device, or through Verkada's top-rated mobile app (available on iOS and Android).

Key Benefits

- Unlimited user seats at no additional cost
- Customizable level of site permissions
- Access to Verkada's top-rated mobile app
- Automatic updates and new features
- Monitor, save and share from one screen
- Unlimited cloud archiving

Loved by All Teams

IT Professionals

One less technology stack to worry about. Automatic security updates and end-to-end encryption ensure that teams are protected against known and emerging threats.

Security & Campus Safety

Real-time insights without monitoring around the clock. Verkada’s intelligent solution provides alerts of meaningful events so teams never miss a beat.

Facilities & Operations

Aggregate data onto one platform for actionable insights. Verkada protects people, assets and facilities, while ensuring efficiency and productivity.

Easy to Install & Use

“There are no secrets to becoming successful with Verkada. The way the system works is effortless—from the way it’s installed, to getting it up and running.”

John Spirko

Senior Director of Loss Prevention, Equinox

Grant Secure Access to Users

“Command allows me to set access-rights at a really granular level with users and groups, with audit logs for both cameras and users. For one-off or ad-hoc access to footage, it takes literally moments to share a live link via email or SMS.”

Jason Keen

Global Head of Security Operations, Citrix

Evolving, Future-Proof Technology

“Verkada has delivered double the value at half the price. Instead of choosing between the things that matter to us, we have everything we’d expect of a modern security solution.”

Brian Pond

CIO and Vice President of Technology, YMCA (Greater Wichita)
