One Platform to Simplify Bank Security

With Verkada's cloud–based security platform, financial institutions are modernizing the way they manage and access physical security across branch locations. Learn how banks, credit unions and other financial institutions use Verkada to enhance branch safety and security operations, all while safeguarding sensitive information for PCI compliance.

Protect employees and assets

Quickly respond to threats

Streamline management and costs

Key benefits

Monitor from anywhere

Find, save and share high–quality footage on–the–go. Share live camera feeds with local authorities in seconds.

Detect and deter ATM fraud

Capture details with 5MP hybrid cloud split cameras while reducing bandwidth usage to 20–50 kbps.

Strengthen emergency response

Set custom response flows with one–tap lockdown. Discretely alert the police with configurable panic buttons.

Secure critical areas

Provision tiered access permissions, integrate with video security and set door schedules around bank hours.

Mitigate risk and meet PCI compliance

Secure data with redundant cloud backup, on–camera video retention of up to 365 days and detailed audit logs.

Protect assets around–the–clock

Detect and respond to intrusions with 24/7 virtual guards, while eliminating false alarms with instant video verification.

Customer stories

Corporate Central
Helping Members to be Wildly Successful

Third Bridge.

SUSQUEHANNA COMMUNITY BANK

Corporate Central Credit Union

"With Verkada, we combine all our physical security needs on one management interface."

Brian Nowak,
Information Technology (IT) Director

Third Bridge

"The 10-year warranty provides additional peace of mind, since we pay a fixed flat rate upfront."

David Dodd,
Head of Technology Solutions

Susquehanna Community Bank

"When we evaluated Verkada's solution against our existing system, there was no comparison."

Bill Weber,
Information Security Officer
