

NS151

Network speaker for desks,
offices, and small spaces

Overview

The NS151 Wireless Network Speaker delivers high-fidelity music playback and live announcement capabilities in a sleek, compact form factor. Designed for plug-and-play installation without the need for amplifiers, the NS151 provides excellent audio quality across diverse indoor environments. The NS151 connects over WiFi or a single ethernet cable, with power delivered via PoE or a standard AC outlet.

Managing the NS151 is centralized through Verkada Command, where administrators can both stream commercially licensed music via an integration with Soundtrack and deliver instant announcements. For localized control, the NS151 is equipped with onboard touch buttons, allowing users in the room to easily adjust the volume and mute settings.

The NS151 offers highly flexible deployment options. It is immediately ready for unobtrusive tabletop placement on a desk or shelf. For more tailored deployments, optional accessories available for purchase allow the NS151 to be surface-mounted or angle-mounted on almost any surface.

Key features

WiFi or ethernet connectivity

Connects over WiFi or a single Ethernet cable, with power delivered via PoE or a standard AC outlet.

Onboard touch controls

Volume and mute can be adjusted directly on the device, or managed remotely in Command.

Flexible placement

Sits on a desk or bookshelf, or mounts to a wall using the included mount plate.

Scalable power input

Supports PoE through PoE++, giving installers the flexibility to match power delivery to existing switch infrastructure.

NS151

Tech specs

Power and network

Power consumption	25W maximum, 5W idle (no audio playing)	Connectivity	Ethernet: 100/1000Mbps RJ45 for network connection. Wifi 802.11 a/b/g/n/ac Bluetooth 5.2 (for configuration only)
Power input	AC: 100-240V ~, 0.51 - 0.21A 50/60Hz IEEE 802.3af/at/bt PoE, PoE+: 42-57V, 0.61-0.45A, 960mA maximum per pair		

Audio

Driver	4" woofer, 1" tweeter	Dispersion angle	Horizontal coverage angle 146° at 1m (-6 dB) 500 Hz - 8 kHz Vertical coverage angle 160° at 1m (-6 dB) 500 Hz - 8 kHz
Frequency range	110 - 20,000 Hz +/- 3 dB	SPL	PoE+: 91dB SPL continuous / 95+dB SPL peak at 1m / 3.3ft PoE: 87dB SPL continuous / 92+dB SPL peak at 1m / 3.3ft

Controls

Offboard controls	Volume up/down (capacitive touch buttons)
