

## Enhance Public Safety while Protecting Privacy

With Verkada's cloud-based security platform, government organizations are modernizing the way they manage security across public areas and their facilities. Learn how Verkada's powerful solution makes it simple to protect citizens and critical infrastructure from a centralized platform.

Protect citizens and privacy

Reduce overhead costs

Speed up investigations

### Key benefits

#### Preserve privacy

Enable privacy features such as face blur and privacy regions, or monitor system usage with audit logs.

#### Monitor sites from anywhere

Find, save and share footage on-the-go. Plus, share live camera feeds with local authorities in seconds.

#### Control building access

Set door schedules around working hours and provision staff with role-based access to restricted areas.

#### Respond proactively to threats

Receive alerts for meaningful events, including the presence of vehicles or people of interest.

#### Secure high-crime or remote areas

Use video-verified intrusion detection and eliminate false alarms. Deploy Cradlepoint cameras for remote areas.

#### Lockdown doors in seconds

Lockdown doors from a panic button, web browser or mobile app while still allowing first responders access.
