

Simplify Security Management with an Integrated Solution

With Verkada's cloud-based security platform, financial institutions are modernizing the way they manage and access physical security across branch locations. Learn how banks, credit unions, and other financial services use Verkada to enhance branch safety and security operations, all while safeguarding sensitive information for PCI compliance.

Products

Video Security

- Centralize video monitoring across branch locations.
- Secure sites with proactive alerts for unusual motion or repeat offenders.
- Tested and rated for durability and use in high-traffic environments.

Access Control

- Verify door-based activity with video evidence of who came and went.
- Provision employees with tiered access levels across various points of entry.
- Schedule doors to lock or unlock based on hours of operation.

Sensors

- Maintain optimal conditions for customer satisfaction and critical infrastructure.
- Detect for costly and prohibited events such as smoking or vaping.
- Be alerted of any sudden changes in temperature, noise levels or air quality.

Key Benefits

24/7 Proactive Security

Know instantly when repeat offenders are on site or suspicious activity occurs after-hours.

Prevent Theft and ATM Fraud

Control access with role-based permissions, and be alerted of motion or tampering.

Real-Time Occupancy Management

Set proactive alerts to detect crowding, and visualize traffic patterns with heatmaps.

Search Filters for Quick Investigations

Use powerful video forensics to filter people, vehicles, motion, and other attributes.

Share Video for Incident Response

Access, download, and share footage from any browser or mobile device in minutes.

Monitor From Anywhere

Remotely access doors, cameras and sensors without any VPNs or configurations.

Built For Your Organization

For IT Professionals

- Up to 365 days of onboard storage and unlimited cloud-based archiving – no NVRs, DVRs, or external servers required.
- Integrates with existing IT workflows such as active directory and MFA.
- Secure by default – with HTTPS/SSL data encryption (in transit) and RSA + AES data encryption (at rest).

For Security Professionals

- Detect threats with customizable SMS alerts for People of Interest and unusual activity.
- Easily isolate events with advanced filters for quick investigations.
- Share live feeds, floor plans, or archived footage via SMS, MP4, or direct link.

For Branch Managers

- Monitor sites from one cloud-based platform, easily accessible through any web browser or mobile device.
- Control costs with predictable TCO and industry-leading 10 year warranty.
- Ensure compliance with full audit logs and a record of user, environmental, video or access-based events.

Customer Testimonials

Susquehanna Community Bank

“ We now have a much higher level of confidence. If there is an incident, and my team needs to forward information to law enforcement, they can easily capture and transfer the footage.”

—
Bill Weber
Information Security Officer

Corporate Central Credit Union

“ As a highly-regulated industry, we require a SOC-compliant data center to ensure security and confidentiality. Verkada met our criteria for secure data storage with AWS, which meets high industry standards for protecting our data.”

—
Brian Nowak
IT Director

Third Bridge

“ The ability to highlight a particular area within frame and playback only motion events has already cut incident response time in half. These computer vision capabilities produce results in seconds.”

—
David Dodd
Head of Technology Solutions

Third Bridge

“ My team no longer has to maintain and patch vulnerabilities in the system. Verkada’s product and team take on the bulk of the work; they’ve exceeded our expectations in terms of service and support.”

—
David Dodd
Head of Technology Solutions

Bank of the James

“ There are two line items: the hardware and the software. No secret support fees, no hidden software upgrade charges, and a 10-year warranty for all cameras. Verkada is a far better long-term financial investment.”

—
Phil Hampton
IT Specialist

Susquehanna Community Bank

“ In this environment, it’s very unusual for us to try something and have it work—the first time and every time. Verkada provides the security and simplicity that we need.”
