

Simplify Security Management with a HIPAA-Compliant Solution

With Verkada's cloud-based security platform, healthcare organizations are modernizing the way they manage and access physical security across their facilities. Learn how healthcare professionals are using Verkada to enhance patient care and security operations, all while safeguarding sensitive information.

Products

Video Security

- Scale easily and monitor activity across facilities.
- Monitor inventory and prevent medical supply theft with proactive alerts.

Access Control

- Provision hospital staff with tiered access levels.
- Schedule doors to lock or unlock based on hours of operation.

Sensors

- Maintain optimal conditions for patient care and pharmaceutical storage.
- Receive alerts for any sudden changes in temperature, noise levels, or air quality.

Key Benefits

HIPAA-Compliant for Patient Privacy

Control access with role-based permissions and create blackout zones with Privacy Screens.

Prevent Medical Supply Theft

Track access to storage rooms and know instantly when activity is detected in key areas.

Lockdown Doors in Seconds

Create custom Lockdown events to secure doors in the event of an emergency.

Search Filters for Quick Investigations

Use powerful video forensics to filter people, vehicles, motion, and other attributes.

Share Video for Incident Response

Access, download, and share footage from any browser or mobile device in minutes.

Monitor From Anywhere

Remotely access doors and cameras without any VPNs or configurations.

Built For Your Organization

IT & Security Professionals

- Plug-and-play with a single PoE connection – no NVRs, servers, or complex configurations.
- Integrates with existing IT workflows such as active directory and MFA.
- Secure by default – safeguard PHI and ePHI with end-to-end encryption.

Administrative Professionals

- Monitor sites from one cloud-based platform, easily accessible through any web browser or mobile device.
- Easily isolate events with advanced filters for quick investigations.
- Share live feeds, floor plans, or archived footage via SMS, MP4, or direct link.

Healthcare Leaders

- Ensure compliance with full audit logs and a record of user, environmental, video or access-based events.
- Control costs with predictable TCO and industry-leading 10 year warranty.
- Optimize hospital staffing and patient satisfaction with data-driven insights.

Customer Testimonials

Avita Pharmacy

“If someone turns in a forged or altered prescription, we can use face search to identify the individual and find when it happened. We can also see if they’ve been at one of the locations in the past.”

Marshall Frost
VP of Corporate Systems

El Centro Regional Medical Center

“The People Analytics filters make it possible for my team to find the footage we’re looking for in seconds. It no longer feels like we’re looking for a needle in a haystack.”

Darryl Mark
Information Services Manager

Chapters Health System

“Being in healthcare, there are strict laws around HIPAA, HITECH, Joint Commission, and patient privacy we follow. Verkada makes it easy to restrict camera access based on sites, or limit to live-only viewing.”

Michael Parkin
Director of IT Security

Coastal Family Health Center

“Installation was simple, the first camera was up and running in just ten minutes. The software is so intuitive. Not long after we set up the system, it felt like we had been using it forever.”

Chuck Clark
Director of IT

The London Clinic

“I log into an app and instantly see what’s happening, no configurations required. All I had to do was download the Verkada app.”

Lee Humphries
General Manager of Security Operations

Mental Health Center of Denver

“With Verkada, we can just send a link to the footage, reducing the amount of time that our IT department actually has to spend.”

Christopher Walker
Director of IT
