

Improve School Safety with an Integrated Security Solution

With Verkada, hardware and software are fully integrated in an intuitive, cloud-based platform to enable secure remote monitoring and faster emergency response. Learn how school districts are using Verkada to strengthen school safety and simplify security management, all while safeguarding student privacy.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to reliably deliver insights in real-time.

Access Control

Manage doors, credentials and users across sites at ease with global access and active directory integrations.

Sensors

With a collection of eight onboard sensor readings, monitor for the health and safety of all environments.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Verkada Guest

Personalize the check-in experience for all types of visitors while integrating with cameras and access control.

Key Benefits

Protect Student Privacy

Control access with role-based permissions and blur faces with one-click.

Real-Time SMS Alerts

Set proactive alerts to be notified of suspicious activity occurring in critical areas or after hours.

Search Filters for Quick Investigations

Use powerful video forensics to filter people, vehicles, motion, and other attributes.

Share Video for Incident Response

Share live video, footage or entire floor plans to first responders from any browser or mobile device in minutes.

Lockdown Doors in Seconds

Create custom Lockdown events to secure doors in the event of an emergency.

Monitor From Anywhere

Remotely manage doors, cameras, and sensors from any browser or mobile device - no VPNs or configurations.

Built for Your Organization

IT & Security Professionals

- Plug-and-play with a single PoE connection — no NVRs, servers, or complex configurations.
- Set user-based roles across your organization to ensure proper access.
- Secure by default with automatic updates and end-to-end encryption.

Superintendents & Administrators

- Monitor sites from one cloud-based platform, easily accessible through any web browser or mobile device.
- Control costs with predictable TCO and industry-leading 10 year warranty.
- Easy-to-use without time-consuming training or on-boarding.

Campus Patrol & Faculty

- Detect threats with customizable SMS alerts for People of Interest and unusual activity.
- Lockdown buildings instantly with just a click or tap.
- Share live feeds, floor plans, or archived footage via SMS, MP4, or direct link.

Trusted by 1000+ School Districts

Customer Testimonials

Andrews Independent School District

“In an emergency scenario, we can lockdown the campus directly from the mobile app... In which case the system will override all door schedules, lock down all buildings, and secure the entire campus in seconds.”

Dennis Haynie

Executive Director of Technology

Regional School Unit 13

“Verkada ticked all the boxes for us: cloud-based, reliable, remotely accessible on a mobile app, and it has a notification system. Being able to generate a text alert when someone is on-site who shouldn't be helps keep our schools safe.”

Bruce Johnson

IT Director

Kiona-Benton City School District

“In the case of an incident, you can provide a link to the local sheriff's department. There's a live stream, so they can monitor what's going on. The ability to give them instant access is a huge weight off our shoulders.”

David Rodriguez

Director of IT

East Grand School District

“These cameras are really clear and crisp, and have a lot more features in terms of searchability. I can search, 'male, red shirt, past 24 hours,' and it pulls up all images from all cameras that match that.”

Chuck Clark

Director of IT

Newtown Public School District

“Not only is Verkada easy for non-technical users to manage, it also delivers new features and security updates automatically at no additional cost. Because the system gets better over time, it gives us the peace of mind that we're always putting our best foot forward when it comes to protecting our students and faculty.”

Mark Pompano

Director of Security,

Sun West School Division

“Our district goes to great lengths to ensure that an individual's right to privacy is enforced and maintained. All faces are blurred to mask identity, we limit footage access to only authorized individuals.”

Michael Zummack

Manager of Facilities and IT
