

Support the Mission while Enhancing Safety-at-scale

The community-oriented purpose of nonprofits and religious institutions often make them vulnerable to vandalism and attacks. Verkada is a fully integrated physical security solution that combines intelligent devices with an intuitive user interface, enabling secure remote monitoring and faster incident response.

Lower cost of ownership

Simplify management

Gain peace of mind

Key benefits

Improve visibility and threat response

Reduce false alarms with built-in video verification and ensure priority emergency response for confirmed threats.

Proactively respond to incidents

Receive alerts for meaningful events, including the presence of Vehicles or People of Interest.

Detect intrusions after-hours

Keep facilities secure with 24/7 professional monitoring and reduce false alarms with video-verified intrusion detection.

Lockdown doors in seconds

Lockdown doors from a panic button, web browser, or mobile app while still allowing first responders access.

Monitor sites from anywhere

Find, save and share footage on-the-go. Plus, share live camera feeds with local authorities in seconds.

Secure buildings with ease

Provision staff with role-based access and pair access control with cameras for instant visibility over door-based events.

Customer stories

YMCA

“Our staff is able to address any issues quickly- sometimes even before they become issues.”

Brian Pond,
CIO and VP of Technology

Salvation Army

“It takes minutes to find and share footage.”

Isaac Samuel,
IT Manager

Goodwill of Greater Washington

“(With Verkada), we’ve standardized the way we manage video security.”

Nicholas Paczkowski,
Director of Safety and Loss Prevention

Why Verkada?
