

#### CD43-E-F Government-Grade Outdoor Dome Camera

# Reliable 5MP Coverage for Extensive Visibility in Outdoor Government Environments

#### Overview

The CD43-E-F FIPS-validated dome camera provides reliable 5MP coverage in a variety of outdoor environments. With a 1/2.8" progressive CMOS image sensor and 20 meters / 66 feet of IR range, the CD43-E-F offers clear and consistent image quality in a wide variety of lighting conditions and inclement weather. The CD43-E-F also includes FIPS 140-validated encryption, has FedRAMP Ready status at the Moderate impact level, and is both TAA and FY2019 NDAA compliant – essential compliance criteria for government-grade deployments. The CD43-E-F is compatible with the standard Verkada Command platform, as well as Command hosted in AWS GovCloud.

The CD43-E-F includes an onboard CV75S Ambarella processor to support advanced analytics like Al-powered search, line crossing, loitering, and Person of Interest (POI) alerts. The CD43-E-F excels at covering general outdoor spaces like sidewalks, building exteriors, and parking lots, where clear visibility and detailed face and vehicle capture are important for streamlined investigations.

Engineered for challenging outdoor environments, the CD43-E-F's IP66/67 weather and IK10 impact ratings enable the device to withstand harsh conditions. Its in-house design promotes a seamless installation experience, featuring captive screws that remain attached to the mounting plate, a latch-based cable gland for easy PoE threading, a three-LED status light indicator, and a built-in bubble level to help ensure precise alignment.
